This engagement will be performed in accordance with Service Engagement Standard No.2 *Compilation of Financial Information* (SES-2) issued by Chartered Accountants Australia New Zealand (CAANZ). The financial information will be prepared in accordance with the special purpose financial reporting framework (for taxation purposes only). This will be disclosed as part of the financial information and any known departures from this framework will be disclosed within the financial statements.
I/We will be required to review and approve the final tax returns and financial reports for reasonableness and correctness and I/we need to understand the importance and risks of signing these as being true and correct statutory records.
2. **Records** - I/We understand that the accuracy of the taxation return/s and financial statements are dependent on the accuracy of the records and information supplied by me/us. We are responsible for the maintenance of adequate accounting records, adequate internal control structure and the selection and application of appropriate accounting policies. I/We will provide accurate and complete information so that the financial information is compiled on a timely basis.
3. **No Audit** - As part of the work undertaken I/we confirm that you have not completed an audit or review of the financial information. As such, the engagement cannot be relied upon to disclose internal control weaknesses, errors, illegal acts or other irregularities. However DBC will inform us of any such matters which come to their attention during the course of the engagement. I/We understand that the financial information is prepared for my/our benefit only and that if preparing financial statements you will include a disclaimer of liability to us and that you accept no liability to any third party.
4. **Compilation Report** – A compilation report outlining points 1-3 will be issued by DBC on completion of the engagement. Independence is not a requirement for a compilation engagement and if DBC is aware that they are not independent of our entity, this fact will be stated in the report. Any costs incurred in collecting outstanding payments will be added to the amount due including debt collection costs and solicitors fees. Any working papers used in relation to the engagement remain the property of DB Chartered Accountants Limited.
If a disagreement arises between us over invoicing and the matter cannot be resolved amicably by discussion (which is the preferred option) then we both agree to use the Fees Resolution Service of CAANZ to resolve the matter. Details of this Service are available from the Institute. I/We are aware that, like all other providers of services, DBC is entitled to retain possession of our records that have been used in relation to this engagement until outstanding invoices are settled.
